Perfect.....I will work up a layout for you to zero out the bill so you can get your head around the area needed and costs.

We were tick free ;)

Thank you,
I appreciate your time today.
I was good to meet Carrie and you.
I'll send you a CMP bill soon.
Check for ticks.

Thanks Jay

Jay,

Carrie and I wanted to thank you for your time today and especially the maple syrup!

Send along your electric bill and I can put together a layout utilizing your barn roof to help reduce or zero out your electric bill.

Talk to you soon.

Andrew & Carrie

Hi Andrew,
Let's try for next Weds.

Thanks Jay

Hi Jay,

We are back from Puerto Rico and are settling back in. I wanted to see if you were available next week to meet on site? Either Weds or Thursday or Friday mornings are good for us.

I look forward to hearing from you.

Andrew

Thanks Andrew,

I only asked because we know so many folks in this town.

Talk to you soon.

Thanks Jay

Hi Jay,

I am glad you received the plan. We will be in touch ASAP. At this time, I am the lead and my partner is an out of State real estate investor and balance sheet to support my work. Here is my resume to review.

As I stated, the land is only being used for solar and an opportunity for you to use some of the land to add to your farming if that is of interest.

Look forward to meeting up with you soon.

Andrew

Thank you Andrew,

Would you mind letting me know who your partner is?

Hope your travels are safe and rewarding.

Thanks Jay

Hi Jay,

Thank you for your time today on the phone. I am pleased to hear that you appreciate the work we are doing to use the land for the greater good of our community. We want to work with you to ensure your concerns around the utility poles, access of the ROW during construction and possible conservation (pollinators & additional farming options) of the rest of the land are addressed before we complete the local planning process.

As promised, please find the more recent layout of the solar farm. Once we return to the Seacoast, let's get together to walk the ROW and have you speak to Carrie about the bees!

Regards,

Andrew
